

RADIATION PROTECTION CONFERENCE & WORKSHOP 2018

**27-30 Nov 2018,
Meritus Pelangi Beach Resort & Spa,
LANGKAWI**

Safety and Security Without Compromise

HIGHLIGHTS

- Legislation, Standards and Procedures
- Education and Training
- Safety Culture and Environment
- Safety, Security and Safeguards
- Radiation Safety Monitoring and Control
- Performance of Equipment
- Recent Professional Practices
- Technology, Quality and Productivity
- Human Talent

“A comprehensive programme focusing on strategic issues of the safety management, future direction and practices, legislative requirements, safety and security, optimising the use of ionising radiation, ways to promote safety culture, new learning paradigm, and enhancing product quality and productivity”

PREAMBLE

The economic activities using ionising radiation are widely popular due to the benefits to mankind, availability of sufficient radiation safety standards and value for money. As such, a radiation professional must be responsive to these issues and other radiation related subjects. As one knows the subject matter very well, it is duty bound to place the ionising radiation to the right perspectives. The issues must be properly addressed to strengthen safety confiden among workers and public alike. In this regards, they must keep abreast with the latest development and recent professional practices on ionising radiation both at local and international arena.

In Organisation, the task and responsibility of these professionals especially 'Person Responsibility for The License' (OBTL), Radiation Protection Officer (RPO) and Radiation Protection Supervisor (RPS) are not only limited to ensure the safety procedures are observed, but also improve safety performance in order to increase quality and productivity. Strict adherence to the safety procedures is necessary to avoid any mishap and unwarranted accident that cost an organisation the profit, reputation and assets.

Rapid development in the application of ionising radiation in various sectors demand a comprehensive implementation of legislative requirements in an effort to minimise risk possibly arise from human errors, technical ability and realibility of equipment. Hence, there is a need to strategise and harmonise standards, procedures, training and implementations, so that it will address the real needs of radiation issues that lead to the development of safety culture in an organisation.

Base on recommendation from participants of previous Conferences, the same format will be retained for this year's event, taking into account the wide spectrum of participants: OBTL, RPO, RPS and other related professionals.

This Radiation Protection Conference and Workshop is a good platform for radiation professionals, OBTLs, RPOs, members of relevant authorities, associated professional and other key personnel to meet, discuss, sharing thoughts and experience, and establish better networking to enhanced safety performance as well as their professionalism.

CONFERENCE OBJECTIVE

- ▶ To disseminate information on the latest development, strategies and future direction for proper radiation safety practices.
- ▶ To overview the current radiation practices at workplace as to confirm to the safety standard and procedures.
- ▶ To keep abreast on the development of ionising radiation activities such as R&D, Education and training, produces, licensing and regulations.
- ▶ To provide networking opportunity, sharing thoughts and experience with other professional colleagues towards the betterment of RPO professionalism
- ▶ As a platform where radiation professional managers, trainers, academians and those from regulatory and relevant authorities meet together to stimulate useful business link

PAPER PRESENTER

A total of 15 papers are scheduled to be presentend at the Conference. The will be 4 keynotes address and 15 papers delivered by notable international and local speakers covering the following aspects:

- ▶ Technology, quality and productivity
- ▶ Safety culture and environment
- ▶ Radiation safety monitoring and control
- ▶ Legislation, procedures and practices
- ▶ Education and training
- ▶ Performance and equipment
- ▶ Recent professional practices
- ▶ Safety, security and safeguard

TECHNICAL VISIT

A technical visit will be held at Lafarge Cement Langkawi Sdn. Bhd. at the end of the conference session on 30 November 2018. Limited participation is allowed. **First come first serve.**

PAYMENT

Payment can also be made directly into **MARPA account, CIMB Country heights Branch, (Acc. No. 8002885317, Swift Code: CIBBMYKL)**. Please retain bank slip to be tendered during the registration day as proof of payment.

Those who are opted for the accomodation, normal check-in time is 14.00 hrs check-out time is 12:00 noon.

CLOSING DATE

Closing date for booking is **01 Nov 2018**. Early registration is encouraged. The information of place will be made on 'first-come-first serve' basis.

Walk in participants with payment will also admitted on space available basis.

PROGRAMME OUTLINE

DAY 1

27 Nov 2018

0900 - 1700

- Official Opening
- Conference Session I
- Conference Session II

2000 - 2230

- Conference Dinner

DAY 2

28 Nov 2018

0830 - 1800

- Conference Session III
- Conference Session IV

DAY 3

29 Nov 2018

0830 - 1800

- Session V (Workshop)
- Interactive Round Table Discussion

DAY 4

30 Nov 2018

0900 - 1700

- Forum
- Technical Visit

INQUIRY

For further information, please contact:

Malaysian Radiation Protection Association (MARPA)

No. Peti Surat 00002, Bandar Baru Bangi,
43657 Selangor Darul Ehsan

☎ : 603.8911.2000 ext. 1823 (Norfaizal)

or

Director General

Malaysian Nuclear Agency

(Nuclear Malaysia)

Bangi, 43000 KAJANG

(Attn: Training Centre)

☎ : 603.8911.2000 ext : 2608/2600/2602

☎ : 6019.3434.122

☎ : 603.8911.2180

✉ : nuradila@cc.nuclearmalaysia.gov.my

✉ : hadza@nm.gov.my

✉ : nora_aini@nm.gov.my

✉ : zulaikha@cc.nm.gov.my

WHO SHOULD ATTEND

- ▶ Person Responsible to The License (OBTL)
- ▶ Physicist
- ▶ Radiation Protection Officer
- ▶ Physician
- ▶ Radiation Protection Supervisor
- ▶ Laboratory Manager and those who are interested in radiation protection and safety
- ▶ Supervisor
- ▶ Manager
- ▶ Researcher
- ▶ Training Provider
- ▶ Lecturer
- ▶ Scientist
- ▶ Trainer
- ▶ Academician
- ▶ Safety Officer
- ▶ HSE (Healthy Safety and Environment) Officer

THE EVENT IS
ALSO OPEN TO
THE GENERAL
PUBLIC

WELCOME

LANGKAWI DIALOGUE

There will be a discourse of interactive round table discussion after the conference session where the participants will be teamed into several group to discuss real case studies, followed by group presentation and discussions. The conference will continued with a forum entitle " Emergency Response on Radioactive Source Transport Accident" that will be discuss by great panelist from local and international country.

EXHIBITION

The exhibition space will be available throughout the day of the conference around the ballroom. Kindly, please contact the secretariat for more details and to book your slot for exhibition.

LANGKAWI ATTRACTIONS

Jewel of Kedah

*Tasik Dayang Bunting *Machincang Geoforest Park *Kilim Geoforest Park *Langkawi Sky Bridge *Air Hangat Village *Andaman Resort *Pantai Cenang *Teluk Burau etc.

Registration Form

RADIATION PROTECTION CONFERENCE & WORKSHOP 2018

Please enrol the following person (s) for the conference,

PARTICIPANT DETAILS

Name (as in I.C or Passport)	I.C No. / Passport No.	MARPA. No
1.		
2.		
3.		

Special Diet (if yes please state)	Email	T-Shirt Size (Please State)
1.		
2.		
3.		

*T-shirt size is based on availability
(Please photocopy for additional participants)

The registration fee of RM(money order/cheque/bank draft/local order)
payable to **Malaysian Radiation Protection Association (MARPA)** is enclosed herewith

Name of Approving Manager :

Designation :

Company Name & Address :

Tel : Mobile :

Fax : Email :

PLEASE SEND COMPLETED FORM TO:

Director General
Malaysian Nuclear Agency (Nuclear Malaysia) Bangi,
